

Serving Nevada, Placer, Sacramento, Sierra, Sutter, Yolo & Yuba Counties

**Best Practice
Linkages Case Charts
Color Coded Tabs**

The Linkages Program of U. C. Davis under contract with Area 4 Agency on Aging, provides Case management services to persons 18 years of age and older in Sacramento County, eastern Yolo County and western Placer County serving approximately 150 different persons each years with two full time case managers.

If you have questions, you can reach Linkages Site Director, Janet Heath at 916-734-5432.

The case charts have a color coded tab system that makes it very easy to locate information in the client chart.

Here is how the chart is coded:

The right side of the chart has five color coded tabs as follows:

Green: Care Plan
Brown: Progress Notes
Blue: Re-Assessment
Gold: Prescriptions
Red: Termination

The left side of the chart has four color coded tabs as follows:

Yellow: Screening/Application
Pink: Release
White: Assessment
Orange: Medical records

The color coded tabs come from Ames Color Files.
